New variety highlights for your garden February 2023

Introducing the BeeZee series of lavenders – a gardener's delight that marries the timeless charm of traditional lavender with the allure of new vibrant shades. The BeeZee series boasts a trio of captivating colours: the deep tranquillity of Dark Blue, the serene whispers of Light Blue, and the gentle blush of Soft Pink. Each variety is a testament to British horticultural excellence, bred specifically to stand up to the UK's unique climate challenges. A modern nod to the beloved Hidcote, yet they distinguish themselves with even more abundant blooms and robust nature.

As evergreen plants, BeeZee lavenders transition from the silvery-grey shades of winter to the grey-green tones of summer, providing year-round interest. Their dense flower spikes rise above the foliage, releasing a heady fragrance that is irresistible to butterflies, bees, and other pollinating insects. Drought-resistant and ideal for coastal conditions, these plants make superb low hedges and are enchanting in borders, thrive in beds, containers, and as delightful edging plants.

Lavender BeeZee® Trio

Not only recognised as RHS Plants For Pollinators but also celebrated for its early and prolific blooming, even in its first year. Embrace the new wave of lavender and let your garden buzz with life, colour and fragrance. HS. 35-40cm (14-16in). Flowers: Jun-Oct. Sun. Beds, Borders, Kitchen Gardens, Pots. Del: Mar-May.
