Assembly

1. Slide the four support pipes (D) into the half ring (E).

2. Continue sliding the four short pipes (C) into the half ring (E).

- Slide the four long pipes (B) into the half ring (E), attach the 2 bends (A).

- Fix the bends (A) with connectors 2 (H).

- Continue connecting the 2 bends (A) with the whole structure, secured by connector 1 (G) and the connector 2 (H) and push them together.

- Install the decoration cap (F). Make sure that the structure is stable.

Placing the obelisk

1. At the place where you want to place the obelisk, mark the position by making 4 small holes in the ground.

2. Dig the holes on the marked position, 20cm into the soil is the recommended depth.
3. Insert the obelisk and ensure that it is secure. You can also plant it directly into a large pot or tub after you have planted your choice of plant and use garden ties to attach you plant to the trellis, it is a good idea for stability to sprinkle some light gravel or pebbles around the trellis and plant on top of the soil.
